

# KATHLEEN KILGOUR CENTRE

Leading Radiation Therapy

## Radiation Therapist Assistant

**To comply with the current Health Order the Kathleen Kilgour Centre requires ALL its employees to be fully vaccinated (and boosted as applicable) against COVID-19. We will not accept applications that do not meet this criteria.**

We are looking for a Radiation Therapist Assistant to join our dynamic team at the Kathleen Kilgour Centre. The primary purpose of the role is to provide various clinical tasks and procedures as well as scheduling and other administration support functions to assist our existing radiation therapist team in delivering high quality radiation oncology services. You must be flexible and be able to work the late rosters.

The Kathleen Kilgour Centre is a privately owned Radiation Oncology Centre situated on the Tauranga Hospital campus. We provide contemporary radiation oncology services to patients in the Bay of Plenty region and beyond.

Our Centre has two Versa HD linear accelerators, Monaco 5.11 treatment planning system, MOSAIQ 2.64 and a microselectron HDR unit. We also have a dedicated Toshiba wide bore CT scanner.

Tauranga in the Bay of Plenty New Zealand is famous for its excellent climate, outstanding natural beauty and renowned surf beaches, lakes and parks. It boasts a relaxed outdoor lifestyle and is only a 2.5 hour drive to the vibrancy of cosmopolitan Auckland, New Zealand's largest city.

### Essential Qualities:

- Confidence and awareness in dealing with people of differing cultural backgrounds
- Excellent written and oral communication skills
- Demonstrated ability to work successfully in a team environment to provide a high standard of patient care
- Demonstrated self-motivation with initiative and ability to cope with dynamic work practices.
- Ability to learn, understand and update clinical and business knowledge on a regular basis
- Previous patient appointment scheduling experience would be valuable but not essential.
