

KATHLEEN KILGOUR CENTRE

Leading Radiation Therapy

Permanent Full Time Staff Radiation Therapists

To comply with the current Health Order the Kathleen Kilgour Centre requires ALL its employees to be fully vaccinated (and boosted as applicable) against COVID-19. We will not accept applications that do not meet this criteria

We are seeking permanent full time radiation therapists to join our dynamic team at the Kathleen Kilgour Centre.

- Make a difference in the field of radiation therapy
- Job flexibility to suit your lifestyle

Tauranga in the Bay of Plenty is famous for its excellent climate, outstanding natural beauty and renowned surf beaches, lakes and parks.

The Kathleen Kilgour Centre is a privately owned Radiation Oncology Centre situated on the Tauranga Hospital campus. We provide contemporary radiation oncology services to patients in the Bay of Plenty region and beyond.

We are keen to hear from radiation therapists who would like to join our enthusiastic team, particularly if you are familiar with the entire Elekta radiation oncology solution. You will be expected to contribute to both pre-treatment and treatment activities and hold additional portfolios negotiated to suit your experience and interests.

Our centre has two Versa HD linear accelerators, with a third in the commissioning process, Monaco treatment planning system, MOSAIQ and a flexitron HDR unit. We also have a dedicated Toshiba wide bore CT scanner.

Essential Qualities:

- Registration with the New Zealand Medical Radiation Technologists Board (MRTB)
- A current MRTB issued practicing certificate in the radiation therapy scope of practice
- Demonstrated ability to work successfully in small teams to provide a high standard of patient care.
- Must be able to work rosters starting between 6am and 10am Monday to Friday
- Demonstrated self-motivation with initiative and ability to cope with dynamic work practices.

We offer a competitive remuneration package and a flexible working environment for the right person.
